LATEST PORN REVIEWED, HARD ON CLUB FEATURE, THE RISE OF THE REDHEAD, BEST BOY TOYS & MORE...
Welcome...

...to the second edition of QXMEN.

Your response to the first issue was great. Thank you and keep your feedback coming. We've had quite a few letters and emails in, as well as an abundance of readers' cock shots for the Cockpit page - keep those coming as well!
The feature by Simon Sheppard - 'Speaking Of Bareback Videos' - drew widespread comment and opinion. See the letters page for the views of some readers. In any room of "informed" gay men, opinions on this prickly subject will almost always vary. Everyone is entitled to an opinion and the more a subject is aired the better equipped one is to make decisions. Keep sending your letters.

On a lighter note, this issue sees the debut of 'Cock Bytes': a look at what's hot on the net and an interview with Suzie Krueger, the promoter of fetish clubs Fist and Hard On. For the latest toys, check out page 36. And yes, we do test drive all of them!

Dear Editor,
It was great to read the ‘Speaking of Bareback Videos’ article where Simon Sheppard shares the same views about the BB videos being advertised. Some of us may argue that BB videos are just a fantasy fulfillment but the new HIV infections rates tell us a different story. Last year alone there have been more men infected with the virus than any other year since the start of the epidemic and that clearly proves that BB sex doesn’t stay just as a fantasy. Of course, it’s up to the individual to make his choice about his sex but unfortunately not all of us are aware of the consequences of ‘raw’ sex — 54% of new HIV infections were guys under 24! With mixed safe sex messages, with HIV charities failing to support HIV-negative men to stay negative, a constantly growing BB culture and hardly any sex education, it’s not difficult to understand the results. This is not about us who’ve been around the block for some time and hopefully recognised a fantasy from reality, this is about those naive, uneducated, new to the gay scene and most of them, without any confidence youngsters who ‘jump’ to the whole ‘raw epidemic’ without any knowledge of the reality. And although I’m one of those who’ve been around the block, have my confidence, strong respect for myself and fully recognise a fantasy from the reality, I really fail to understand why, in times where HIV is constantly on the rise, there is BB porn shown in sex clubs! That is nothing but promotion of unsafe sex! Men are there to have sex! Men are enhanced with chems and alcohol and BB porn in those places is hardly any reminder to be safe! And going back to the infection rates... it only proves my point! And my last thought... I wonder if 1 in 10 of our straight folks were infected with HIV if there still would be straight BB porn freely available on shelves... Emmm... Regards, Paul, Vauxhall.

Dear Editor,
I’m a gay man who’s been HIV positive for nearly seven years, and for about the last six, pretty much all the sex I’ve had has been without condoms and with other HIV positive men. I’m sick to death of people describing HIV positive men - who choose to have ‘bareback’ sex with other HIV positive men - as irresponsible and ignorant towards medical evidence of the dangers of HIV reinfection and infection of other STDs. I consider myself to be a responsible adult but, like everybody today, I take considered and informed risks, and if I choose to have consensual, unprotected sex with another HIV+ guy, then that’s my choice and no one else’s business. Of course, I’m certainly not advocating unsafe sex between HIV negative guys, but leave us HIV positive guys alone and stop demonising us by referring to us as irresponsible!

Michael, Bristol

Dear Editor,
I have to take issue with the very biased article on Bareback Videos in issue 1 of QXMEN. Whilst Simon Sheppard is fully entitled to his view, he makes no attempt to explore why so many people are now buying bareback videos. He implies that people who purchase such videos are guilty of both putting the porn actors at risk, and glorifying unsafe practices. Whilst I have no problem with that view being put forward, it cannot be correct to do so without exploring reasons why such videos may in fact reduce the likelihood of men actually participating in unsafe practices. Be also patronises those actors who take positive decisions to participate in bareback videos. It would have made for a much more balanced article if he tried to interview any of them - or people who make such videos - or even watch them - instead of quoting only people who oppose them. Sean Storm appears more than happy to chat with anyone on his website about the choices he has made as a porn actor. I am HIV+ve and sometimes chose to have bareback sex with other HIV+ guys, when we both accept the risks. Some may think that is wrong. I would argue we all take health risks - whether it is smoking, taking drugs, drinking alcohol, riding motorcycles, jumping out of airplanes - and there are right and wrong behaviour associated with all of them. But if any editor wishes to commission an article addressing risky behaviour, then I believe they are professionally required to commission balanced articles. I note that in the same issue, your magazine clearly advertise bareback videos.

In pages two and three of the magazine, of the 30 titles advertised, 11 clearly include bareback sex - indeed are advertised as doing so. Surely that is hypocritical at the least?? Yours, Steve, Brixton

Dear Editor,
The current debate on barebacking in porn movies is one, I expect, that’s only discussed by dull, politically correct gay men who’ve probably supported the ridiculous ban on parents videoing their kids’ nativity plays at school for fear of paedophiles in their midst. Porn is meant to be pure escapism and fantasy with usually just one outcome hoped for, to shoot your load. So porn not just entertainment, it’s education too, as John Karr puts it in your piece last month, ‘Speaking of Bareback Videos’, is absurd and I’ve yet to meet a guy who popped on the latest Casso film hoping for an informative and educational experience. This debate echoes the argument that too many guns and violence on TV can influence people to go out and blast someone’s head off. Does Mr Karr also think that swearing and bad language in porn movies should be censored, so as not to be a bad influence on the viewer?

There might be plenty of queens involved with the gay fetish scene in the UK, but there is undisputedly only one Queen: Suzie Krueger, Mistress of Ceremonies at London's infamous mixed-gay sex and dance club Hard On. Suzie has dominated the fetish scene in London almost as long as she has been in the city, arriving in 1990 from Boston, USA with a degree in criminology and a background as a private investigator and a police officer! "...and yes, I was packing!" she laughs. "I began organising parties within six months of moving here. It was all quite by accident really, I was working in clubs and bars, and someone asked me if I could organise a kinky, leathery party for us gay girls." She didn't look back.

Making her name with the notorious Fist in 1994, Suzie's parties have long been regarded as the wildest of the wild, pushing the boundaries of what you could get away with in a club, testing the law and sometimes even pushing the limits of her committed hard-core core punters. "There was one show where I let two guys try and 'rape' my ex-girlfriend while I watched (she wanted it really). I think people got quite upset by it ...it was brilliant!"

With its sleazy location and members only policy, Fist quickly became the stuff of legend. Pushed to name the most far-out show she's ever hosted, Suzie plumps for one of the earliest: "The American performance artist Ron Athey did this thing where he stitched someone's lips together than stapled the guy's bollocks to his leg. The next guy, Ron cut a huge design into his back, then the third guy was completely mummified. Now at this point, believe me, no-one had ever seen anything like it, it was really intense!"

Fist metamorphosed into Hard On, currently enjoying a new lease of life in its new surroundings at Hidden in Vauxhall, having tried various venues in south London over the years. "The new venue is absolutely fantastic...from the people who run it to the fact that it isn't worn out yet by the rest of the gay scene. There are loads of rooms to relax...dance...cruise. It's got more loos, and decent air conditioning too." Suzie clearly loves her club and knows plenty of her punters too, "It's the people that make it special, we're very lucky to have such a friendly, no-attitude clientele."

And it's true, whilst some of the performances might be verging on scary, the mood at the club is always welcoming and very unthreatening. Still operating a strict dress (or undressed) code and restricting the club to leather rubber skin gear
members and their guests, Suzie manages to keep things right on the edge, to make sure she gets the right kind of people through the doors, and yet the very success of the club has surely made an impact on the wider scene. “Fetishism has gone overground from when we started, for sure. It’s now amazingly popular, and you can even buy a decent fisting video these days, but there’s still a lot of ground to be fought. In my dreams, everything would be totally liberalised, but come on, this is England, where S&M activities can still be deemed illegal.”

The club’s mixed policy [i.e. men and women] seemed a daring move, but it’s worked. “It doesn’t surprise me. I’d love to be able to attract more women to the club. The women attending are in a small minority, however they mean business and know how to get down to it!”

Unlike some of her punters, Suzie is adamant that nothing that goes on at her club has ever shocked or disturbed her. Yet when asked what turns Suzie Krueger on, she offers not a particular fetish but a soft and hazy “Emotional and spiritual awareness.” She’s clearly got it all sussed in her own head. And as a woman who successfully combines business with pleasure, she needs to. While we might imagine this proud pervert and sex-fiend to be carrying on the party after the doors of the club club close, she says “I stopped that kind of partying years ago, it was messing up my life. Now it’s business, but it brings a different kind of enjoyment. I’ve met some brilliant people from all over the world, and I’m inspired to look to the future. Right now I wanna get some more famous porn stars who really know how to do it live on stage for the club…” I’m not sure if Suzie was licking her lips when she said that, but I know I am.

World Soccer Orgy 1 was released just as the planet was going World Cup Crazy. With the inevitable media bombardment of images of sexy players of all nationalities, even if you if didn’t follow the “beautiful game”, you were sure as hell tallying up the international totty count. Part 2 is actually the second half of the movie. So leaving you gasping for more at the end of part 1, part 2 resumes with more hot and horny soccer hi jinx. Shot in the Czech Republic the guys are a sexy mix of twinks and muscley fuck studs, with our intrepid paparazzi still secretly snapping those filthy footballers. After an own goal by a French player his team mate consoles him in the changing room. This leads to more than the customary pat on the back. In a huge changing room, members of all the teams go head to head in one great big fuck-off orgy, with, we reckon, about two dozen guys sucking, fucking and guzzling cum in a massive climax – a scene worth the cost of the DVD alone! Later on, a photographer gets caught snooping by a German player and gets rogered within an inch of his life as punishment. A hospital visit to an injured player means more than a bed bath and when two players swap jerseys they also swap facefuls of jizz! The final scene features a steamy sauna threesome. You don’t have to be a football fan to admire the tackle on these lads. Another top scoring film from Eurocreme.

The original Spokes porn came out in 1983, the second, Spokes II, came out in 1988. The start of the film includes the original trailers for the first two films so brace yourself for handlebar moustaches, flyaway Farrah flicks and bareback sex. Spokes III continues the cycling theme and this plot involves hot guys stopping off on their way during a long cross country ride. Starring Mason Wyler and Falcon exclusives Tyler Marks, Derrick Vinyard and the absolutely mouthwatering Pierre Fitch plus other hot saddle-loving studs like Jeremy Hall, Justin Wells, Dakota Rivers and Ross Stuart, the various scenarios mean they hop off one ride and onto another. There are two three-ways and a massive orgy scene in which unquenchable bottom Mason Wyler takes eight stiff cocks one after the other including the massive 10 inch dong of Ralph Woods. Bet he was saddle sore after that! (excuse the pun). The scene ends with Wyler getting covered in stream after stream of gushing spunk as the guys take turns to cream on his chest. Watch out for the flashback sequence from Spokes II - a hot orgy scene that although screams ‘retro’ will have you hitting the rewind over and over again.

Spokes III is available from Prowler.

Andy Thomas loses his bondage cherry with a bit of Master and Servant action

I'm a pretty STRAIGHT FORWARD sort of guy and I've never been that experimental in the bedroom. So, when my editor told me he wanted me to delve into the DARK world of bondage, I freaked out. But, work is work and when you've got bills to pay WHO CAN PICK AND CHOOSE? So off to the dungeon I go! Well, not quite - I've also been briefed to TEST DRIVE SOME web SITES so the shopping part will thankfully be NICE AND ANONYMOUS. Anyway, without further ado, HERE'S WHAT HAPPENED...

Thursday July 13th 10:30am
Budget confirmed at £200. Do Google searches and decide to buy from site called www.saucysideup.com which has section called Man2Man.

Thursday July 13th 10:50am
Find what I need at Saucysideup... buy four items from Sportheets Manline range; an Under the Bed Restraint System (£50 - "everything you need to turn your bedroom into a bondage playground"), The Masters Sex Sling (£55 - "easy access for deep penetration"), a Bondage Starter Kit (£20) an appropriately named spanking paddle called OUCH (£25). Total spend: £160 and delivery is free so editor will be pleased.

Friday July 14th 9:30am
No turning back. Door bell rings and I sign for a brown cardboard box. It might be plain packaging, but I know exactly what's in there and feel like ripping it open and tying the postman to the bed! Unfortunately, he's already gone and I'm now in the kitchen with bondage kit staring me in the face. Actually, it's not as sinister as I thought and am secretly looking forward to this assignment! Oh, how quickly we descend the steps to Hades.

Friday July 14th 7:00pm
At the Saucy Side Up website. Add options to the basket for £17.00 and checkout.

Saturday July 15th 1:45am
Cruise across to club in Holborn just after midnight and meet geordie called Alan who's so fit, I'm not sure I can be bothered with all the straps when we get home! But, I tell him all about them and he seems keen so we call a cab and head south!

Saturday July 15th 2:30am – dawn (nearly)
Much to Alan's delight, Under the Bed Restraint System already in place. Kit comes with long straps that attach around the top and bottom of the mattress and velcro cuffs that bind ankles and wrists to the corners, leaving him spread eagled and totally under my control. I have to say, I like the feeling of power! Alan's trussed to my bed like the dirty piece of meat that he is and now I can do whatever I like! Out comes the OUCH spanker and I give him a good hard whack on the arse (check out spankingcentral.com). Much to my delight the words OUCH appear on his reddened cheek and I'm really starting to get a kick out of my Master role.

Saturday July 15th 5:30am
I've lost my bondage cherry and it's been a really wild experience. It strikes me that maybe the beauty of bondage is just this; it's exactly what you want it to be. Some like the drama and darkness of the full leather and others like me prefer to use bondage kit as sex toys.

Now it's time to sleep, but I nod off knowing I've got to get up and relive the whole experience when I write all of this down. Just the thought starts to get me going again...
MANHUNT 2.0

PRODUCTION: Hot House Video
DIRECTED BY: Steven Scarborough
RUNNING TIME: 135 mins

Take twelve of the hottest, hung studs from the Hot House stable and watch their XXX encounters as they hook up on-line and then meet up. In the first scene Collin O’Neal gets together with ‘WorldClassAss’ Antton Harri for some hot one-on-one action. Masseur Robert Fuerte and client Robert Van Damme turn a stress-busting back rub into an ass-busting fuck session. Matt Cole gets birthday boy Damon Phoenix a present to remember in the shape of big-dicked Tony Mecelli - Phoenix takes turns taking both cocks in succession and then Cole takes his turn bottoming for Mecelli. Later on Cole and Phoenix hook up with a threesome already in full swing making it an energetic five-way, with Phoenix ending up in a sling. Hot House stars Raphael Alencar, Marco Paris and Nick Marino all get in on the act in a great 3-way fuck sandwich – takes some coordination but once in the groove... Phwoar! The now standard “Fuck” and ‘Cumshot’ compilations are a welcome DVD extra, plus there’s a XXX gallery and trailers of other Hot House releases.

In this internet age when most of us have out of date Gaydar profiles but still spend hours chasing that elusive dream cyber shag, getting this DVD means, even if not in the flesh, you must certainly have got male.

**REVIEW**

**KO**

**PRODUCTION:** Body Prod  
**DIRECTED BY:** Hervé Bodilis  
**RUNNING TIME:** 110 mins

In Hervé Bodilis’ film, KO, we get to glimpse behind the scenes of the macho world of boxing and just what these buffed bruisers get up when they’re supposed to be training in the ring. With five sexy scenes starring eleven hot guys, these hung studs battle it out in and out of the ring and then in the showers afterwards. In scene one, we’re greeted with an hot outdoor scene with a sexy young guy held down over the bonnet of a car being worked over by a tall, masculine hunk. If this is what boxer’s like to do in their spare time, then I’ll be first in the queue waiting outside the gym! In the second scene, we find three young guys wrestling in the ring, their hands bound in bandages having been encased in boxing gloves, and dressed in short silky sports shorts and vests which they soon start ripping off each other. Although there’s no dialogue in KO, the heavy grunts and groans coming from the guys lets you know exactly how much they’re enjoying themselves. These guys are not only experts in the boxing ring but also know their way around the tight, pucked rings of their sparring partners all too well.

CAMERON JACKSON
Eurocreme Exclusive

Date of Birth: 16th Feb 1986
Place of Birth: Decin, Czech Republic
Resident: Decin, Czech Republic
Relationship: Single
Height: 180 cm
Eye Colour: brown
Weight: 72 kg
Dick Size: 22 cm

TOP FACTS ABOUT CAMERON:
Cameron had his first sex at 16 with a girl on a school outing. The first (much better and more intense) sex with a boy was at the age of 17. His perfect day would be to spend the whole day in bed, but he won’t say with whom! Cameron is training to be a chef.
Would you tarry with young Prince Harry? From ginger minge to strawberry blonde, red-head Adrian Gillan on crimson fetish, gay taunts and jibes and why reds now have cred, not just in bed.

Look around. One of Nature’s rarest assets, Red is reserved for emergencies and maximum impact: for strawberries and rubies, blood and brothels, roses and robes, fire and foxes, danger and devils, lipstick and wine. From dusky dawns to juicy cherries, Nature is saying “watch out boys” or “come and get it”!

So is it jealousy perhaps that has somehow subverted the genetic grace and birthright of a red mop into some risible curse, not least amongst boys? The jokes in the showers still echo, the last resort put-down still hurts — up there with my worst nightmares of gay-hate, and still widespread, not least amongst gays.

As queues, above all, might know: to be different — to stand out from the jeering crowd — is indeed a mixed blessing. And the pressure has proved too great for some with crimson curls, instead of flaunting their crowning glory, internalised ging-phobia has mislead many a red-head into denial, wearing silly closet hats, shaving or dying their pubic follicles or turning into that colourful clown to deflect demeaning darts.

The result? We’re hair-brushed from history and porn mag alike! There’d be hoards of horny red-haired role-models — from Greeks and Jews through to Scots and Celts — if only their colouring hadn’t been hidden or suppressed, except where used to abuse. If only dear Michelangelo had painted onto marble David’s ravishing red locks; if only Nero’s been photo’d or Cagney and Tracy shot in colour.

Moreover, for every Robin Cook, there’s a Iwan Thomas; for every Chris Evans, a nice Nicky Butt.

And ironically — should a red’n stand his ground — for every boy who flees or jeers, there’s also one who drools and leers. I’m forever astounded at the number of guys who fancy us as fetish. Red hair denudes and exposes. At high risk of ridicule, it’s vulnerable, striking and strips you quite bare — like some “I’ve got ginger minge” sticker slapped to your forehead, as honey lines draw down the bee.

Dubbed “Duracell” at school after my “copper-coloured top”, I’ve always felt a soft-spot and solidarity for my red-maned mates — an unspoken mutual and almost carnal knowledge and communion.

Naturally, there’s red and then there’s red: a spectrum from pale strawberry blonde, through auburn and ginger to luminous carotene neon — the redder, the more stripped and brazen, shameless and teasing, sexy and risky, so often set off against deep-dazzling sea-blue eyes! And as for two reds in a bed!

Of course, gay red-tops Andy Bell and Jimmy Somerville can croon for England, but there’s only one Gay Icon in the land these days. Blue-blooded cutie, fiery Harry — who doubtless gets his red creds from feisty William the Conqueror or Henry VIII — has stolen a march on hunk Prince Willy, inspiring countless private moments amongst a whole new generation of young male red-blooded red-rinsers.

and anal holes. Be it escorts, galleries,
 DVD/Video, fetish, dildos, sex, porn or
personal homepages, it will be here! Filthy

So sit back, or sit on, stretch out, or

To introduce you to cock bytes we
have chosen a website that can
only be called a cock teaser. Not
because they don’t have hot and
horny men on display, there are plenty, it’s
just that there isn’t
cock to
view. OK, I
know there
are more to
men than
that two
percent of

spend ninety
nine percent
of the time
thinking
about, so
www.unzipped.net is a good introduction.
The site offers you plenty of free porn in
downloaded right to your hard drive. The
MAN MUSEUM link leads to an archive of
horny looking blokes in various galleries.
Most of these guys are of the porno-star
fraternity so there is a lot of familiarity. The
pics are quite good too; high resolution
and the models are quite horny. If you can tear your eyes away from
the rest of the real nude images the site itself is like an online magazine offering
dvice, horny stories, video sales and shopping guide. This site is free too.

www.escortguys.co.uk
It’s 2am in the

www.escortguys.co.uk, peruse through
the profiles, pick the one you want,
for whatever reason (biggest, prettiest,
muscliest, tallest, thickest, cutest,
youngest…), and have it home delivered.
The website offers escorts in
well defined categories such as couples, latino and even transvestites.
Each escort has a profile that shows: clear images, more pics and the
important stuff like endowment, whether they ‘kiss’ and their sexual role.
Ship them in, ship them out, all with the convenience of your keyboard.
After you’ve done and dusted, you can even return to the website to
leave a review of your experience. Now that’s what I call shopping!

Mirrors: Well-hung, they can really add to any wank or bonk. Shoot over them, Windowlean at the ready. And if rigging one to the ceiling above your bed is too precarious - or crudely obvious - then simply lay a long reflector face-down between two dining chairs and lie underneath!

Neighbourly Noises & Net Curtains: For the show-offs! Those in semis, especially, can push thrills to the limit with climactic noises. You can get away with murder: British neighbours are generally far too embarrassed, or intrigued, to say a word. Or have a sheet in your front room behind thin net curtains whilst the boy next door’s out washing your car.

Orgies: Charily begins at home, and so - surely - does any good orgy. A boyfriend or regular shag makes a start. Then swell the numbers via phone lines and chat rooms until reaching critical mass. Anything over five could count as an orgy.

Pets: Don’t be daft!

Queer Masturbating Devices: Makeshift masturbators: bubble wrap or soap bars with inch-wide holes drilled are ace; lubed candles up the arse are fab so long as they don’t break! Re cock-rings: why pay a tenner for a loop of metal or rubber when a ten pence plastic curtain ring fits your throbbing bill as well? Adjustable watch straps are swell too if you dodge that buckle! See Eat Your Greens above too.

Refrigerators: Do it on the rocks - without leaving home - this summer! Freeze vodka cubes and shove one up your arse for some high kicks; or freeze your own sperm into cubes to suck later when next beating off - a bit like Self-Sucking (see below) but without the pulled muscles!

Self-Sucking: Frankly - apart from some sordid cabaret or circus - where-else to explore this freak of nature but behind closed doors? OK, so nature didn’t build you that way - and worth one last try, just in case the yoga’s finally kicking in! Then, the next best thing to a good self-suck is to at least shoot over your own face, gravity-assisted if need be: do an elbow-stand with your back up against any wall (see Floors above) and play away! Plus: see Refrigerators above.

Tumble Dryers: Rub your crotch up against a corner when on that final hi-speed spin.

Undressed: Us Brits don’t ‘alf over-dress about the house! Who needs clothes in their own homo home? Relaxing, natural, liberating and often erotic. Great solo, for couples or entire flat-shares. Go on: get ’em off! And why not hire nude household staff? See Butlers, Slaves & Workmen above.

Videos: Homemade ones of course - of self, partners or impromptu orgies (see above). Star in your very own summer blockbuster! And… action!

Wardrobes: Build up a basic role-play wardrobe with uniforms to cover most standard scenarios - school; medical; military; MP and researcher etc.

XXX Telephone Hotline: A hot tip this! Install a dedicated sleaze hotline to your own home, perhaps in the ‘playroom’ (see Dungeons & Darkrooms), complete with answerphone - and place its special number with tailored horny ads in all desired fetish ‘classifieds’. This way you know, when that phone rings, you’re at home and open to all callers; and you won’t have to worry about eagle-eyed friends recognising your personal number in the back of mags!

Yellow: It’s the new brown! And it’s wet, wet, wet in the bathroom - either tub or shower. Slice everything out thoroughly afterwards thought! Still scared of a nasty whiff rising during dinner parties? Then try garage or garden shed action: use a paddling pool and let the warm waters flow!
What was originally Ajay’s Sauna has been extensively refurbished with state-of-the-art facilities. There’s a spa, dry sauna, steam room, video lounge, shower area, a licensed bar and of course rest rooms, private cabins and a separate lounge that shows porn. The design specifications are cutting edge and the stunning lounge reminds one instantly of the one of the top hotel lounges. The sauna seats twelve guys easily and in the Turkish Hammam-style steam room the atmosphere is set by the clever use of blue light and integrated sound system. Extras, like the huge bespoke fish tank, pool table and a professional massage service simply add to the venue’s appeal, making this new sauna a much welcome addition to the Bournemouth gay scene. Look out for regular promotions in QX magazine and QXMEN.

Are you straight, gay or bi?

Straight.

What nationality are you?

I am originally from South Africa and have been living in London for a couple of years now.

How were you discovered?

My girlfriend answered an ad on a modeling message board thinking erotic modeling was like “teasy nudity”. When she found out what it was she wouldn’t let me do it. Luckily I dumped her and a few weeks later I was in front of the camera!

What’s the hardest thing about being a porn star?

I don’t think of myself as a porn star, I just enjoy being in front of the camera and hope a few people enjoy watching me. I really enjoy being photographed and I always want to shoot before its time, so that definitely the hardest thing, holding back until I am allowed to cum.

How do you get in the mood to pose nude?

I am always in the mood to pose naked. I am a swimming instructor so spend most of my day in nothing more than my ultra tight Speedos, so pulling them off to pose nude doesn’t seem like a big deal.

Do you ever check yourself out in the nude and think “DAMN?!?”

No, I don’t really think I have a better body than the next lad.

Are you embarrassed by anything you’ve done on camera?

The first time I shoved a dildo up my ass I was embarrassed how hard I got, like a rock and I didn’t want to remove it! I was definitely like a boy with a new toy.

What’s the strangest letter you’ve ever gotten from a fan?

I continually get requests for cum stained Speedos!

Do your family and friends look at your porn?

Nope, they don’t know about it!

What’s one thing about you that you wish people knew?

I am always horny and have to wank several times a day so even when I am at work I have to sneak off to the toilets for a quick 5 finger shuffle!

Where do you see yourself in five years?

I really enjoy my work as a swimming instructor and personal trainer, so I’d love to get a fitness-based job on a big cruise ship and travel round some more.

What’s the most sensitive spot on your body or favorite to have played with?

I get massages at work quite a lot and have a really sensitive spot on my neck that makes me tingle down my spine and can give me an instant hard-on. I have also discovered I love things up my ass!

Crystal meth (aka 'Tina') - the drug you've probably read about in the papers. To help make sense of the information check out the quick and easy to understand Terrence Higgins Trust info leaflet included with this month's QX Men. It'll make sure you're clued up about what crystal meth is, what it does, its effects on the body, its links with HIV and what happens if the police find you with it. To spread the word, tens of thousands of these leaflets have already been distributed inside condom packs or given to men in gay venues, cruising sites and dance clubs. You may have seen officers from the Metropolitan Police and outreach workers from Terrence Higgins Trust’s LADS team talking about crystal meth to punters in saunas, gyms and clubs in South London. One such officer is Graham Alldus, LGBT Liaison Officer for Lambeth Police:

"Lambeth Police and its LGBT liaison team are committed to working with Terrence Higgins Trust and other organisations to address the emerging use of crystal methamphetamine. There are lots of anecdotal stories and few facts, but the decimation of vibrant gay communities in San Francisco, New York and Sydney could happen here - go online over the weekend and numerous people will be asking for 'Tina.'

As the leaflet says, crystal meth is a Class B drug - but in recognition of its potential harmful effects it’s soon to be reclassified as Class A. This means up to 7 years in prison for possessing it and up to life for intending to supply it to others.

The latest figures for UK gay men, published in Sigma Research’s 2005 Gay Men’s Sex Survey, show crystal use is still relatively uncommon here. 3% of gay and bisexual men across the UK report using it in the previous 12 months (rising to 6% in London) – with most using it less than once a month. Only 0.3% use crystal once or more a week. The figure increases further amongst gay men with HIV and gay men with a large number of sexual partners. While the extent of crystal use is being monitored, gay men need to know what they might be getting involved in if offered it – the reason for the crystal leaflet with this issue of QX Men.

For more information or support around crystal meth: Antidote (services for gay and bisexual men) at the Hungerford Project on 0207 287 8743 www.thehungerford.org/antidote.asp Regional data reports from the 2005 Gay Men’s Sex Survey including crystal use can be found at: www.sigmaresearch.org.uk/reportsdata05.html
